Wreck Beach Butoh has been performed annually by Kokoro Dance for the past twenty-two years. It is one of our favourite performances but also a test of the stamina and spirit of our performers. This is an intensive butoh workshop open to anyone who is willing to work physically hard and to endure difficult performing conditions. Kokoro Dance reserves the right to decline an application if it considers the applicant is not at the level of physical fitness suitable for the workshop and performances. The performances on July 14th and 15th are in the nude, rain or shine. Conditions on the beach are primal and challenging.

Attendance of all classes and rehearsals is mandatory and all participants must commit to participating in the performances. By signing this form, the registrant agrees to exercise caution and to take responsibility for his/her own safety, health, and well-being and to waive Kokoro Dance of any liability for injury that may occur as a result of participating in this performance workshop. By signing this form, participants also agree to allow video and photography documentation of the rehearsals and performances.
